

## Cat5e LSOH FTP Shielded Patch Cable 305mt Box

Available in Grey, Red, Green, Blue and Yellow

CE's Cat5e LSOH FTP Patch Cable 305mt is a stranded Cat5e cable for manufacturing patch cables. This category 5e twisted-pair, stranded conductor cable is foil shielded from electro magnetic interference and useful in the fabrication of F/UTP patch leads for Ethernet, Fast Ethernet, Gigabit and Token Ring networks.

Each cable consists of 8 colour coded polyethylene insulated conductors. These are twisted together to form 4 pairs and jacketed in a heat resistant LSOH material. ETL/3P certified and tested to meet ANSI/TIA 568C.2 Category 5e safety/performance requirements.

### Features:

- Supplied in 305 metre easy to pull boxes
- Stranded Cat5e cable for manufacturing patch cables
- Cat5e 4 pair UTP LSOH patch cable with 8 colour coded polyethylene insulated conductors.
- Available in ten colours
- Supports Gigabit Ethernet
- Manufactured and tested to the ISO 11801, EN 50173 & ANSI/TIA-568-C standards

Material & Construction		
Conductor	Materials	Bare Copper
	Size	26 AWG
Screen	Materials	Aluminium-Mylar tape
Drain Wire	Materials	Tinned copper
Insulation	Materials	HDPE
	Colour	Blue/White
		Orange/White
		Green/White
Brown/White		
Jacket	Materials	Flame Retardant LSOH
	Diameter	Nominal 5.2 mm

	Colour	Various
Construction		F/UTP
No. of Pairs		4
Category		5e
Number of Cores		8
